Consent Form

I, ... hereby give my consent for medication/investigation/ anaesthesia/operation/any other subsequent operation , if necessary/therapy/procedure for my own/my relative ..... with MRD no. 341150 in the Ramakrishna Mission Hospital.

1. The necessity of this medication/investigation/anaesthesia/operation/any other subsequent operation , if necessary/therapy/procedure, the ill effects of this if not performed, hazards and complications in the therapeutic modalities other than operation have been explained to me by Dr. .....

2. I have been explained clearly that the medication/investigation/operation/any other subsequent operation , if necessary/therapy/procedure/ anaesthesia is not totally safe and that such procedure or anaesthesia can be risk to life of an otherwise healthy person also.

3. Doctor has explained to me that excessive bleeding, infection, cardiac arrest, pulmonary embolism and complications like this can arise suddenly and unexpectedly while undergoing medication/investigation/operation/ any other subsequent operation , if necessary.

4. I give my consent for any change in the anaesthesia or operative procedure as well as for removal of any organ as deemed necessary by the doctors at the time of medication/investigation/anaesthesia/operation/any other subsequent operation , if necessary/therapy/procedure,

5. I have been made aware that after medication/investigation/anaesthesia/operation/any other subsequent operation if necessary/therapy/procedure, instead of desired benefit, some complications may arise like for example..... and I believe that to avoid such complications, if any appropriate care shall be taken by Dr. (Surgeon)..... Dr. (Anaesthetist)..... or any other doctors appointed by them.

I have read the above writing /the above writing has been read out to me. I have understood the aforesaid and I am willingly giving my consent.
